LORGAR MAIN 133 / 135 / 139

LRG-GMP133, LRG-GMP135, LRG-GMP139

MAIN TEXT

These Lorgar gaming mouse pads are going to change your perception of control. The Main High-Speed is a series designed for fast mouse movement. Its super glide surface was made possible thanks to the special low-resistance fibres – and you can rest assured the manoeuvrability of your mouse is stellar. Thick 3mm foam with a trimmed edge provides excellent comfort, and the anti-slip rubber base will stay put no matter what. Have no worries about compatibility – all sensor types work with these pads.

This series comes in three sizes: medium, large, and extra large. Choose the one that fits your gaming setup best!

HIGHLIGHT: SUPERIOR GLIDE SURFACE

TEXT:

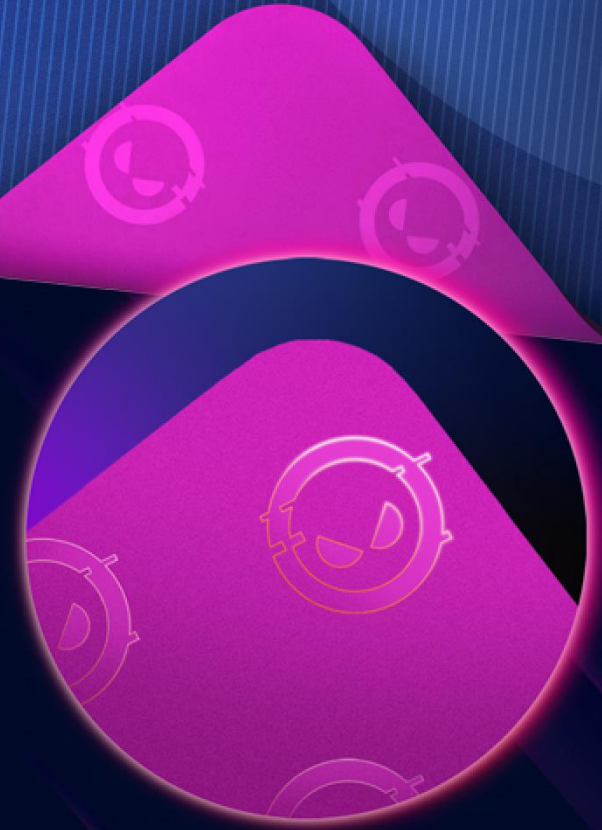

Crafted by the best engineers in the industry, the smooth low-resistance fibres will make your mouse lightning fast. Super glide surface also ensures excellent manoeuvrability of the controller.

TEXT: ANTI-SLIP RUBBER BASE

TEXT:

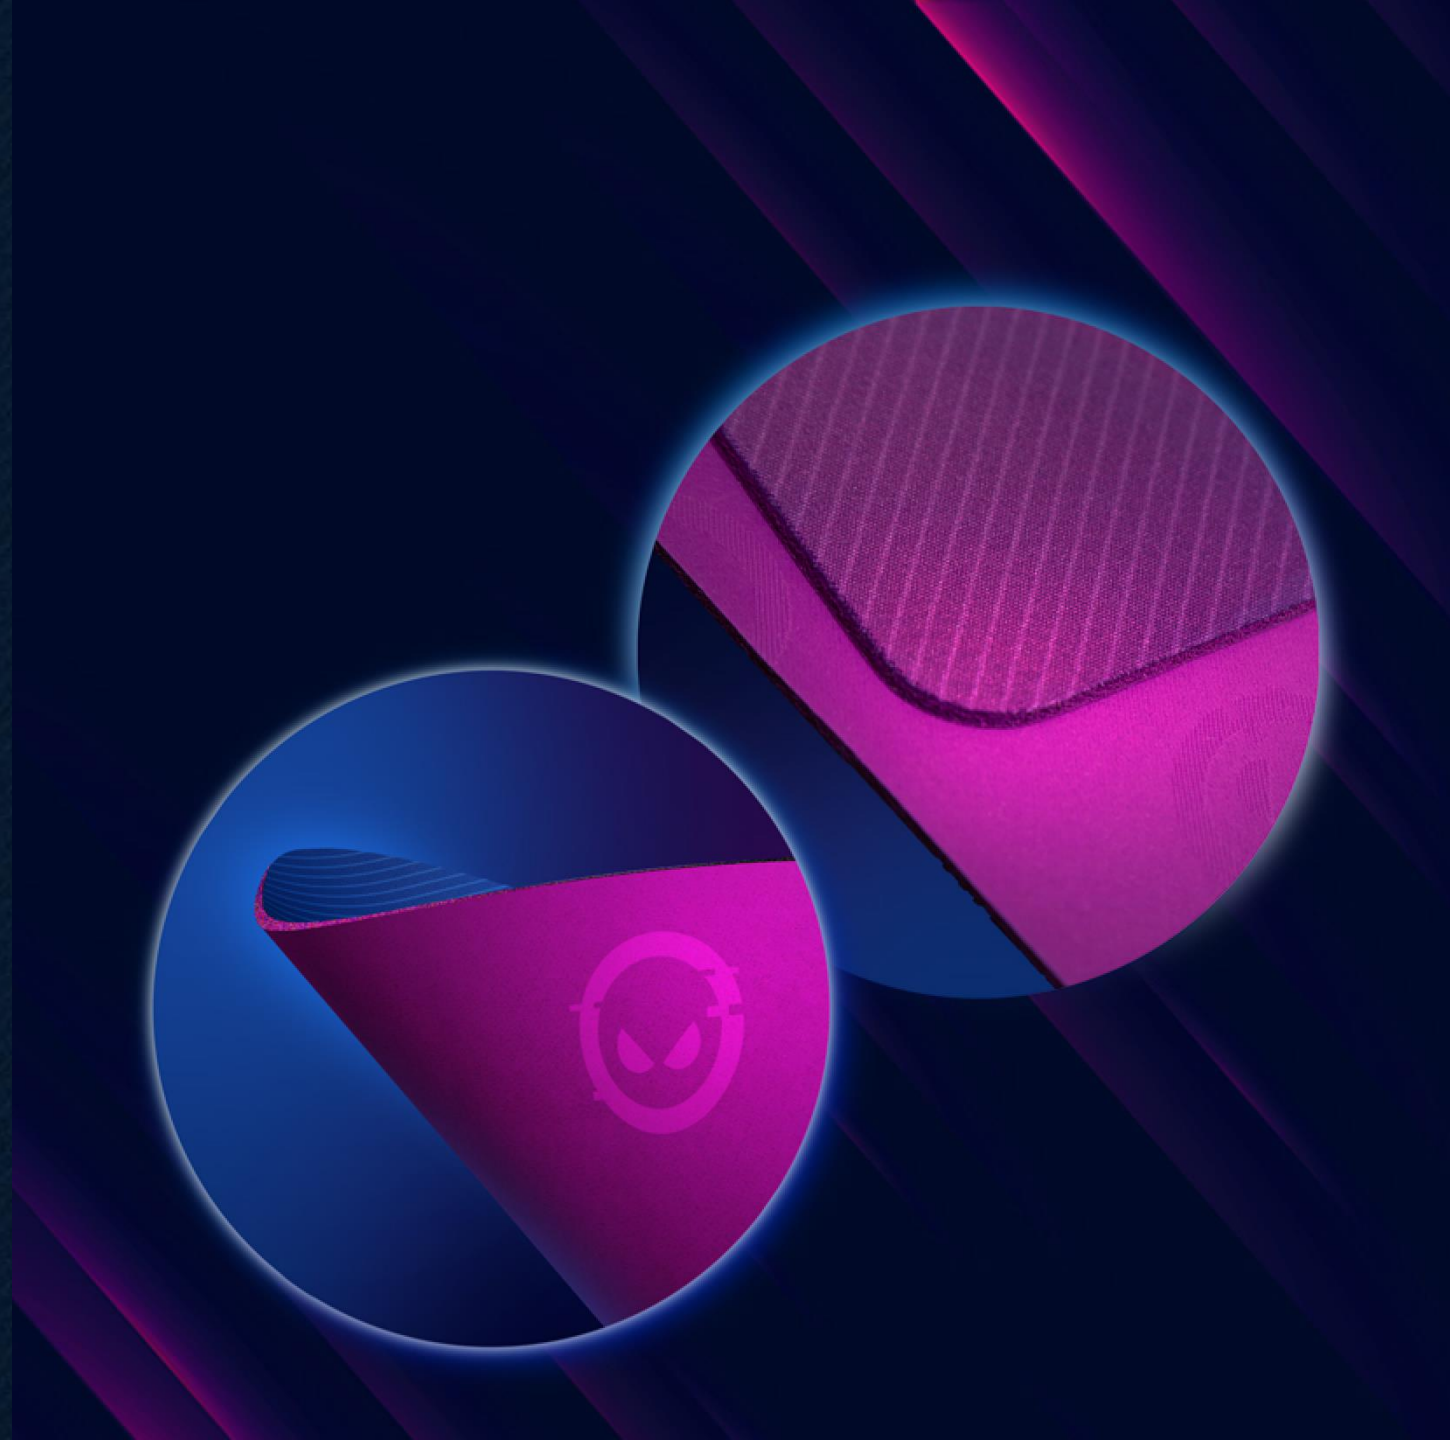

The superior anti-slip rubber base is as good as glued. It is embossed with the Lorgar logo – gives at least +5 points to your skill. With the total pad thickness of 3mm, you'll be extra comfy.

HIGHLIGHT: TRIMMED EDGES

TEXT:

The edge is trimmed for a smoother forearm experience.

HIGHLIGHT: DIFFERENT SIZES

TEXT:

These come in three sizes:

Main 133 – Medium, 360×300mm

Main 135 – Large, 500×420mm

Main 139 – Extra Large,
900×360mm

HIGHLIGHT: KEYCHAIN INSIDE

TEXT:

Be sure to retrieve your branded Lorgar keychain before you throw the package away.
