

CREATIVE CHAT USB

Creative Chat USB On-ear Headset with Swivel-to-mute Noise-cancelling Mic and SmartComms Kit

Get ready in seconds with Creative Chat USB, a dedicated USB-C on-ear headset for calls. It works with various platforms ranging from PC, Mac, to gaming consoles, and is compatible with most of the popular conference apps like Zoom and Microsoft Teams.

From webinar presentations to conference calls, the headset delivers high-definition digital audio, as well as a noise-cancelling condenser microphone with the ability to effectively prioritize voice pickup over background noises. When you need to go hands-free during the call, SmartComms Kit's auto mute and two-way noise cancellation features double up as nifty tools while you navigate through your business pitch.

Focus on what matters and enjoy the added convenience for any online chat with Creative Chat USB's simple plug-and-play interface, accessible swivel-to-mute microphone, and a built-in remote control.

EASY TO USE, PLUG-AND-PLAY USB-C HEADSET - Enjoy enhanced digital audio with Creative Chat USB on PC, Mac, and gaming consoles such as PS5, PS4, and Nintendo Switch. The headset is also compatible with popular conference app like Zoom, Skype, Microsoft Teams, Google Meet, and more. Just plug in and start your call in seconds. If you only have access to USB-A ports, fret not as we have included a USB-C to USB-A converter for you to get started

NOISE-CANCELLING BOOM MIC WITH SWIVEL-TO-MUTE FUNCTION - Be heard clearly and ensure clear vocal clarity with Creative Chat USB's noise-cancelling boom microphone that has the ability to filter out noise, making sure that your voice is prioritized. For added convenience, pull the retractable microphone down to unmute the microphone to talk, and push it back up to its original position to mute it back again

CONVENIENT INLINE CONTROLS AND MIC-MONITORING - Sit back and take control with the Creative Chat USB inline remote right at your fingertips. Easily adjust volume levels and access the mic mute / unmute control, as well as the playback and call functions. The LED indicator on the inline remote also provides at-a-glance confirmation of your mute status. The headset also comes with built-in mic-monitoring feature, so you can hear how loud you sound to others

SMARTCOMMS KIT AND CUSTOMIZABLE EQ - For Window 10 users, our SmartComms Kit comes with a suite of smart communication features that includes auto mute and two-way noise cancellation to work in tandem with the built-in mic on Creative Chat USB. This simplifies the way you chat online without fussing over controls. In addition, you can also personalize your audio settings with the graphic EQ customization via our all-in-one Creative app

LIGHTWEIGHT AND COMFORTABLE - Creative Chat USB headset sports hyper-soft plush foam earpads with padded and adjustable headband for comfortable wear, even during long hours. Weighing at just 7.26 oz / 206g, the headset comes with a 6.9 ft / 2.1m cable that gives enough room for you to stand up at your desk for quick stretches too
