

# PORTABLE PARTY SPEAKER ONFUN 5

Can you imagine a good party without music? We can't. The Canyon OnFun 5 will save your event from being a snoozefest. With 40W of power and full-color party lights, this speaker will be a hit of the function.

You can play tunes via Bluetooth 5.0, AUX, USB, or MicroSD card reader. Even more features await: there's a 6.3mm jack for mic or guitar input. Play live music or enjoy karaoke with friends; this speaker is meant to bring fun.

You'll get a six-mode equalizer to precisely adjust the sound – and make it pop, whatever the genre is.

To make the gig louder, connect two speakers at once using the true wireless mode. They'll synchronize perfectly to immerse you in music. You'll get up to 4 hours of playtime with the Bluetooth connection.

**Whether it's a party or any other event, OnFun 5 is sure to liven things up!**

## DEEP, PUNCHY SOUND

Carefully engineered speakers will bring juicy sound right to your ears. Watch out for neighbors – the bass is quite powerful.

## ILLUMINATE YOUR PARTY

When night falls, the party lights will catch some attention. Four modes with an endless array of color combinations will create a dazzling light show that's perfect for parties.

# ANY TIME, ANY SOURCE

When connected via Bluetooth, this device offers an impressive 4 hours of playtime at 80% volume, thanks to its large battery. Once the battery is depleted, simply plug it in and keep rocking!

## 6 EQ PRESETS

Adjust the sound for the genre of your choice with six built-in equalizer presets. OnFun 5 can sound good for everyone.

## PORTABLE DESIGN

OnFun 5 is a compact speaker designed for portable use. Its sturdy body has a convenient and dependable carrying handle.

# REVEAL YOUR TALENTS

The 6.3mm jack allows for a microphone and guitar connection. Play live music and sing karaoke with friends.

Who knows, maybe you'll become the next big thing in showbiz!
