

# Keyboard set HSET-W5

Step into the world of wireless magic with the Canyon keyboard & mouse combo! A clutter-free workspace awaits.

The keyboard will be your productivity partner, featuring a full-sized layout with 105 keys, including multimedia shortcuts to turbocharge your workflow. The membrane switches deliver a whisper-quiet typing experience, so you can focus on your tasks without annoying clatter. These switches are also robust: 10 million keystrokes until you wear one switch out.

**With its ergonomic layout, this keyboard makes typing feel like a breeze on a sunny day.**

What about the mouse? It is a great companion to you and your keyboard, having silent switches and matching design. Its soft-touch rubberized coating is durable and gentle to your palm. It features six buttons, and the DPI is adjustable, too.

Powered by standard alkaline batteries, this Canyon set is always ready for action. Check out three unique color combinations where the mouse always matches your keyboard.

**Cut the cord and enjoy freedom with the Canyon HSET-W5 wireless combo!**

## FLUID TYPING EXPERIENCE

The low-force key switches offer satisfying audible and tactile feedback with every press. The membrane key switches guarantee silent key operation, making it perfect for quiet settings or collaborative workspaces.

# MADE FOR COMFORT

This sleek and slender keyboard packs a punch with its full-sized layout of 105 keys, complete with a handy numeric keypad for all your number-crunching needs. With 11 multimedia keys at your fingertips, you'll have control over your entertainment. Plus, rubberized tilted feet add stability.

# WIRELESS CONNECTION

Eliminate the hassle of cords. Simply connect a 2.4 GHz USB dongle and begin using your wireless set!

## COLOR STYLES

This set comes in 3 color combinations: white with red accents, black with lime green, and light gray with orange.

## MOUSE INCLUDED

The mouse matches the keyboard like a good tie matches a suit. You'll be delighted with the silent buttons, its comfort of use, and its durability. Adjust DPI to your liking and make your day productive!
