Welcome to the future of gaming with our state-of-the-art Wireless Gaming Mouse. Designed to elevate your gaming experience to new heights, this mouse combines cutting-edge technology, ergonomic design, and seamless functionality to give you the competitive edge you've been looking for.

Featuring wireless connectivity and three levels of DPI as default (800-1200-1600), this mouse offers flexibility for every gameplay style. The ergonomic design ensures maximum comfort during long gaming sessions, while the seven buttons provide smooth control.

With a 125Hz polling rate and a scanning frequency of 3000 FPS, you can enjoy responsive and accurate tracking. The vibrant backlighting adds a touch of style to your setup, and the rechargeable big capacity battery ensures uninterrupted gaming sessions. Let's dive into the features that make this gaming mouse a must-have for any serious gamer.

## WIRELESS FREEDOM

Experience seamless gameplay without the constraints of wires. Our gaming mouse offers a reliable wireless connection that ensures you stay in control, no matter how intense the action gets.

## ERGONOMIC DESIGN

Crafted for comfort, the ergonomic design provides a natural grip that reduces strain on your hand, allowing for longer gaming sessions without fatigue.

# RECHARGEABLE POWERHOUSE

Equipped with a large capacity 400mAh battery, our mouse is built to last through marathon gaming sessions. Recharge quickly and get back to the game with minimal downtime.

## ADJUSTABLE PRECISION

Tailor your gaming experience with 3 levels of DPI adjustment (800 - 1200 - 1600), ensuring precise control and accuracy in every movement.

## ADVANCED TECHNOLOGY

Featuring a high-performance Pixart 3205 optical sensor, a 125Hz polling rate, and a 3000 FPS scanning frequency, our mouse delivers unparalleled responsiveness and tracking accuracy.

## **DYNAMIC BACKLIGHT**

Enhance your gaming atmosphere with a dynamic backlight that adds a touch of style to your setup.
