TABLETS VIRTUOSO

Power to keep you going

Stay connected and entertained all day with the robust 8000mAh battery, offering up to 10 hours of continuous video playback.

Ample storage

Enjoy seamless multitasking and store all your content with 6GB RAM, 128GB internal memory, and the option to expand storage up to 512GB via a MicroSD card.

Secure and reliable

Experience peace of mind with advanced security features provided by Android™ 13: photo picker, notification permissions, cleared clipboard history.

Brilliant display quality

Experience vibrant colors and sharp details with the bright 400cd/m2 display, boasting QHD high-resolution of 1200X2000 pixels.

Powerful performance

Experience smooth and efficient performance with the Unisoc T618 12nm technology 2.0GHz Octa-core processor, ensuring swift responsiveness and fluid user experience.

Seamless connectivity

Connect to the world with ease through dual-band Wi-Fi, LTE capabilities, and Bluetooth 5.2 for fast and reliable connections.
