

## Wall Charger

# HEXAGON 65

Meet the Hexagon 65 Wall Charger, the powerful and versatile charging solution you didn't know you needed. With a compact, EU plug design and a 65W total output, this charger brings your charging routine on a whole other level, charging your devices quickly and safely.

Equipped with three ports, including two USB Type C and one USB (A), this charger is perfect for powering multiple devices simultaneously. Need to charge a smartphone, tablet, laptop, or any other device? You have the flexibility to power them all.

USB Type C ports support Power Delivery (PD) for fast, efficient charging, with outputs ranging from 5V to 20V, offering up to 65W for devices that demand more power.

The USB (A) port is equally efficient, supporting multiple voltage outputs up to 36W, which is perfect for older devices or those that don't require PD.

Charging your phone, laptop, or other USB-powered gadgets has never been easier or faster. With such intelligent power distribution, you can charge two devices simultaneously without sacrificing speed.

The Hexagon 65 adapts to various international power standards, accepting AC input from 100V to 240V for flexibility while traveling. With its smart power management and sleek design, it's a must-have for anyone who needs a versatile, high-capacity charger. Stay charged and keep everything powered up with the Hexagon 65.

# FAST CHARGING:

## 65W Power Delivery

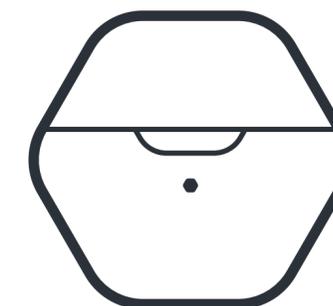

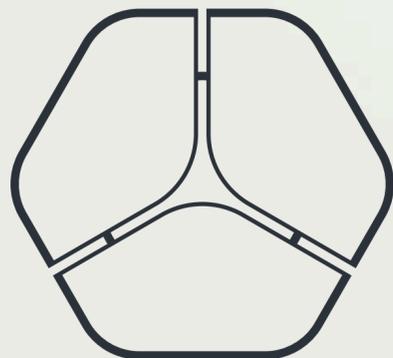

With 65W Power Delivery, the Hexagon 65 powers up your laptop, phone, or tablet faster than you can grab your coffee. Get ready for a busy day or make it through a packed schedule without a hassle – this charger can keep you powered up and ready to go in no time.

# MULTI-DEVICE CHARGING:

## Three Ports

Why settle for charging one device at a time when you can charge three? The Hexagon 65 has three charging ports, including two USB Type C and one USB-A. It's the perfect solution for people who juggle multiple devices and don't want to carry around extra chargers.

# ENHANCED COMPATIBILITY:

## **USB Type C + Samsung's 45W Super Fast Charging 2.0**

This charger isn't just universal; it's smart too. Not only does it support USB Type C Power Delivery, but it also works seamlessly with Samsung's 45W Super Fast Charging 2.0. That means your Samsung device gets the super-speed charge, while your other gadgets are happily powered up in record time.
