WIRELESS GAMEPAD 4-IN-1

CND-GPW3 | 5291485006389

More options for moving around your favorite games! This wireless gamepad is compatible with the most popular game consoles, including the Nintendo Switch. 16 buttons with impressive individual backlight makes it easy to customize the gadget to the specifics of your favorite game, and the absence of a wire and haptic response will deliver a complete immersion into its atmosphere. The ergonomic shape of the case and the arrangement of buttons make the gameplay very comfortable. The maximum distance from the console is 10 meters, which will allow you to sit conveniently in any room. Play tirelessly!
