Gaming Chair Nightfall

A comfortable and stylish chair for long gaming sessions and work designed by Canyon engineers! This gaming chair will last a long time thanks to a 1.5 mm thick metal frame, and a strong and stable metal five-pointed base with polyurethane wheels. Dense filler with memory effect and high-quality eco-leather coating provide maximum comfort. To help you to take a rest without losing control over the game, there is a convenient reclining backrest with well-designed support for the head and lower back, which can be locked at any angle between 90° and 150°. You can choose the most convenient angle of inclination of the chair using the built-in “butterfly” mechanism. The armrests move up and down, back and forth, and 15° in and out to provide extra comfort for your arms. Sit back and immerse yourself in the game. This chair will help you to get a true rest!

- Dense foam filler with a memory effect
- High quality eco leather
- 1.5 mm thick metal frame
- 3D adjustable armrests

- “Butterfly” mechanism
- Tilted backrest 90°-150°
- Last generation Class-4 gas lift
- Comfortable headrest

- Lower back support
- Metal base
- Silent polyurethane castors 60 mm
- Maximum load up to 150 kg

CANYON

GAMING

High-Quality Leather and Foam Filling

The chair is covered by a high-quality eco-leather that echoes leather utilized in the interior of premium cars. The cover is perforated for better ventilation, which makes the seat more comfortable for the player. It is easy to clean, resistant to damage, and pleasant to the touch. High-quality foam filler gently supports the body, thus helping muscles to avoid discomfort and fatigue.

Height Adjustment

The chair has a reliable gas lift, which allows you to adjust the seat height with maximum precision. Due to this, you can conveniently sit at any table, avoiding unnecessary strain on the arms and shoulders. Gas lift is made with the latest technology, which has undergone rigorous testing.

Headrest Support

Winning in long battles is possible only when you're in a good mood and seated with maximum convenience. To ensure this, we equipped the chair with a soft pillow, which provides additional support for a head and allows a neck to rest. No more feeling of tightness in the neck and shoulders!

Lumbar Support

The lower back is often subjected to excessive loads, so we paid special attention to the design of the lumbar support pillow. It will give you maximum comfort even if you want to play for many hours. Sit comfortably and win in long games!

Firm and Stable Base

5-star metallic base with 60 mm polyurethane castors provides the chair with excellent stability and quiet rolling on any surface. Thanks to this, the chair moves without excessive effort. Unfailing assistance for a perfect win!

Backrest Tilt

Take a rest without losing control over the game! You can recline the back of the chair 90°-160°, stretch, and give the muscles of the back and arms to relax. A few minutes of relaxation - and you can play again at full power!

“Butterfly” mechanism

The butterfly mechanism built under the seat allows you to tilt the chair slightly forward or backward. The force that you need to apply for tilting is easily adjustable by using a spring mechanism. If you prefer to sit on a chair locked in one position, use the special lock under the seat to make the chair stationary.

3D Armrests

These 3D-armrests are designed with the use of the latest technology. They can be moved forward and backward, up and down, and also up to 15° in and out. This allows you to avoid overstrain in the arms for a long time. Get maximum comfort even after many hours of play!

Metal Frame

This chair is reinforced with a 1.5 mm thick metal frame. This is important for better durability and stability of the chair, as well as improved handling. Besides, this frame makes the construction of the chair even more reliable.
