

Lollypop SW-63

Smart Watch

This smartwatch is crafted in a stylish round form factor. It perfectly combines functionality and elegant design. The watch instantly connects to a smartphone via Bluetooth 5.0 and works with the proprietary Canyon Life app. Collect all the information you need about your physical activity and sleep quality, and view it in the visual interface of the application. A sturdy case and IP68 protection standard (absolute resistance against small particles and moisture inside the case) will allow you to keep wearing your favorite accessory during any workout, including swimming. Choose a convenient watch face format and control all the notifications you need, as well as the camera and music on your phone, right from the watch screen. A stylish accessory that motivates you to take care of yourself!
